ABOUT THE COMPANY

Three Notch'd takes its name from Three Notch'd Road, an old colonial thoroughfare running through the heart of Virginia. Three friends started the company, working mostly from a booth at an Irish pub off Grady Avenue in Charlottesville. The first beers, Hydraulion Red and Trader Saison, poured at 946 Grady Avenue on August 30, 2013. The team has since grown from 4 employees to more than 400, and Arlington will be its 9th location.
