# THREE NOTCH'D BRINGS FRESH VIRGINIA CRAFT BEER AND CREATIVE PUB FOOD TO CLARENDON

**The Charlottesville-born brewery's 9th location opens this fall at The Crossing Clarendon**

ARLINGTON, Va. (November 2026) – Three Notch'd Brewery, Distillery & Craft Kitchen will open its 9th location this fall at The Crossing Clarendon, bringing fresh Virginia craft beer, small-batch bourbon and whiskey, and creative pub food to the neighborhood.

Founded in Charlottesville in 2013, Three Notch'd is known for award-winning beer, local spirits and welcoming spaces that bring communities together. The Arlington location will offer a seasonally rotating menu, a full bar with craft cocktails, a kids' menu, happy hour and weekly deals.

"The excitement is building and we are very excited to become a part of the Arlington community!" said Scott Roth, president of Three Notch'd Brewing.

Planned menu highlights include house-made pretzel bites with 40 Mile beer cheese and Hydraulion whole grain mustard, the Nova Hot fried chicken sandwich, the Chesapeake Crunch with crispy pollock and Old Bay tartar sauce, and the vegetarian Harvest Grain Bowl. The drink list includes Three Notch'd beers such as Virginia Light Lager and Minute Man IPA, Hatchet Head bourbon, and canned cocktails like Rocket Pop.

The location is built for big groups and game days. Its private event space can host birthdays, holiday parties, corporate events, fundraisers and sports watch parties, with a special event catering menu available. Three Notch'd is also a stop on The Crossing Clarendon Sip & Stroll, so guests can take a pint or a cocktail with them while they explore the neighborhood.

Event inquiries can be sent to arl@threenb.com. Updates are posted at threenotchdbrewing.com/locations/arlington and @ThreeNotchdArlington.

## ABOUT THREE NOTCH'D

Three Notch'd takes its name from Three Notch'd Road, an old colonial thoroughfare running through the heart of Virginia. Three friends started the company, working mostly from a booth at an Irish pub off Grady Avenue in Charlottesville. The first beers, Hydraulion Red and Trader Saison, poured at 946 Grady Avenue on August 30, 2013. The team has since grown from 4 employees to more than 400, and Arlington will be its 9th location.
